

PHYSICIAN'S LICENSING BOARD  
MINUTES  
NOVEMBER 9, 2005

CONVENED:	8:40 a.m.
CONDUCTING:	Richard Sperry, MD
ADJOURNED:	1:00 p.m.
MEMBERS PRESENT:	Richard Sperry, MD George Pingree, MD Lori Buhler, public member Marc Babitz, MD Stephen Lamb, MD Sharon Weinstein, MD Michael Giovanniello, MD
MEMBERS EXCUSED:	Mason Stout, MD James Fowler, MD Curtis Canning, MD John Bennion, public member
DIVISION STAFF:	Diana Baker, Bureau Manager J. Craig Jackson, Division Director Shirlene Kimball, Secretary
GUESTS:	Dale Austin, FSMB Stacy Lankford, MD FSMB
<b><u>TOPIC OF DISCUSSION:</u></b>	<b><u>DECISIONS/RECOMMENDATIONS:</u></b>
FEDERATION OF STATE MEDICAL BOARDS PRESENTATION. 8:45 A.M. TO 10:00 A.M.	Dr. Lankford and Mr. Austin presented an overview of the Federation of State Medical Boards and answered questions from Board members.
OCTOBER 12, 2005 MINUTES:	Approved as written.
DARRELL ANDERSON, MD PROBATION INTERVIEW:	Dr. Babitz conducted the interview. Dr. Anderson submitted triplicate copies of his prescriptions. He has completed the CASE Western medical ethics course and is current on all reports. Dr. Anderson prescribes a lot of controlled substance medications for

ADD/ADHD diagnosed patients and Board members had requested he provide the tools he uses to determine dosing calculations and the articles he refers too for guidelines. Dr. Anderson stated several years ago an investigator from DOPL reviewed his files because he prescribed higher than average doses of controlled substances. He stated the investigator had an outside expert determine he was within his scope of practice. He stated he gave the articles for prescribing guidelines to the investigators and did not keep a copy for himself. Board members indicated he will need to find the articles and submit them to the Board for review. Dr. Anderson stated he will submit the requested documents to the Board.

Dr. Anderson stated he has been on probation for 1 ½ years and the Order indicated he would only need to have a supervisor review his charts for 6 months, or as required by the Board. He requested the requirement to have his supervisor review his charts be terminated. Board members indicated they would like to see the dosing calculation guidelines and articles he uses in his practice before making a recommendation regarding his request. Dr. Anderson appears to be in compliance with the terms and conditions of his Order

ALLEN NAYLOR, MD  
PROBATION INTERVIEW:

Dr. Naylor reported things are going well. He continues to practice in the Emergency Room in Logan. Dr. Naylor indicated he likes working in the ER and stated he would not go back to

GLADE CURTIS, MD  
PROBATION INTERVIEW:

family practice. He is current on all reports and appears to be in compliance with the terms and conditions of his probation.

Dr. Pingree conducted the interview. Dr. Curtis stated he continues to teach seminars on medical coding. He had a positive urine screen in September for Propoxyphene. All other urine screens have been negative and he stated he does not know why the screen was positive. He stated he has not taken Darvon or Darvocet. Board members indicated the positive screen may be the result of a lab error, but they will closely monitor his urine screens. Dr. Curtis stated he understands the Board's concern. Dr. Curtis is current on all reports and appears to be in compliance with his Order with the exception of the positive urine screen.

JASON CHURCH, MD  
NEW APPLICATION:

Dr. Weinstein conducted the interview. Dr. Church explained the yes answers on his application. He indicated he had his Ohio license suspended for 180 days because of a substance abuse problem. He indicated the Ohio license will be placed on restrictions and monitored by Ohio once he completes the suspension. Dr. Church indicated he had been accepted into a residency program at Primary Children's Hospital. However, the offer was withdrawn because his Ohio license had been suspended. He stated he is enrolled in the urine screen program through the Division's monitoring program and he is currently attending 12-step meetings. He stated he would like to finish his residency program in Utah and practice pediatrics in Utah. Dr. Church stated

he is doing well in his recovery. Dr. Weinstein made a Motion to grant Dr. Church a license under a Memorandum of Understanding with the same terms and conditions as Ohio and to meet our standard terms and conditions for substance abuse. Dr. Babitz seconded the Motion. All Board members in favor.

LAYFE ANTHONY, MD:

Dr. Anthony presented his chart history notes for review. Dr. Babitz reviewed the documents and expressed concern that the notes have not improved over the last three months. Dr. Babitz reviewed with Dr. Anthony his comments for each case presented. It appears that the chart histories are pre-programmed notes that include the same examination for all patients. Board members would like to see Dr. Anthony's own findings reflected in the notes. Dr. Babitz stated Dr. Anthony still has a lot of work to do to demonstrate that his knowledge base and competency in the deficient areas have improved. Board members requested Dr. Anthony submit more case histories at the end of December. Dr. Anthony will be scheduled to meet with the Board in January. Board members indicated that the CME requirement appears to be in order.

APPLICATIONS APPROVED BY THE  
DIVISION:

Ingrid Nygaard, MD  
Laura Foot, MD  
Tasha McDonald, MD  
Eric Roy, MD  
Erik Severson, MD  
Stacey Townsend, MD  
Robert Owen, MD  
Derrick Haslem, MD
